

AI TeeJet Air Induction Flat Spray Nozzle - 110 degree RTJAI110

Details

Air Induction Flat Spray Tips are designed with a tapered flat spray angle with air induction technology offering better drift control with larger drops. Depending on the chemical, produces large air-filled drops with the use of a Venturi air aspirator. The best nozzle for pre-emergent surface applied herbicides at a minimum pressure of 40 psi or for Post-Emergent contact herbicides at pressures of 80 psi or higher. Ideal for turf grass

- Stainless steel insert produces a tapered edge flat spray pattern for uniform coverage in broadcast spraying.
- Air induction spray tip, producing large air-filled droplets through the use of a Venturi air aspirator more resistant to drift.
- Available in 80° or 110° spray angles with a Polymer insert holder and pre-orifice with VisiFlo color-coding.
- Automatic spray alignment with 114443A-*-CELR Quick TeeJet cap and gasket.
