

Underhill Benchmark Foam Marking Agent - 1 Gallon Jug

RGBMK01

Details

Generate highly visible foam balls used for field markers to eliminate overlap or skipping when spraying turf. When added to the water in your foam marking equipment reservoir, will produce a high expansion, thick, white, stable foam with long-lasting deposits. Formulated with conditioners for hard water situations and can be used with foam colorants. Highly concentrated. Lasts in a range of weather and field conditions. Use 2 oz (60ml) for every 1 gallon (3.8 L) of water in equipment reservoir to produce high expansion, stable foam in a range of foam generating equipment. 1 Gal (3.79 L) Jug.

Specifications

Manufacturer	Underhill
Container Size	1 gal
