

Hydraulic and Pneumatic Sealant - Purple - 50 MI RL40401

Details

Solution 34 purple Hydraulic and Pneumatic Sealant is an excellent low-pressure sealing and locking sealant for metal fittings. This versatile and high-quality sealant is designed for optimal flexibility, compatible with gases, hydraulic fluids, oils and solvents. The No-Drip compound prevents vibrations with its high-viscosity and fills gaps to 0.015 in. Works on all metal fittings. Purple.
