

Mini Spiker

R2107

Details

Twelve self-sharpening steel star wheels penetrate compacted soil to aerate or overseed worn turf areas in athletic fields or golf courses. Simply distribute seed, and then roll tool back and forth several times to position seed at the proper depth to promote maximum growth. 9" wide head. Aluminum handle.

- Promotes maximum seed growth
- 12 self-sharpening star wheels
- 9" wide head
- Aluminum handle
