

Air Force F-15 Gen 3 Hover Mower with Stainless Steel Blades

RAF-15G3-SS

Details

The Air Force F-15 Gen 3 Hover Mower with 15in wide cut, features a powerful JN-60 60cc 2-stroke engine with a double tall air filter and vertical intake for cleaner air flowing through the engine and less maintenance. A larger fuel tank and strengthened pull starter gives greater longevity. The new Nylon Injected Polymer deck is flexible and 2-3 times stronger than the previous ABS deck. Enjoy increased lift, with a cutting height of 3/4in to 1-3/4in tall. If needed, the High Lift Kit is available with a cutting height of 2in -3in. The deck to engine gap has been increased to promote more air flow through the mower providing increased float and cutting power. Heavy gauge steel handles with 53in reach are padded for operator comfort. The blade systems, spacers, spigot, handles and Hi-Lift Kit the same as the previous 19in model. JN-60 2-stroke engine. Weight 22lb. Stainless Steel Blades. Please note: This product is restricted from air freight and will only be shipped ground freight
